

CLUB MED BINTAN ISLAND RELAUNCHES ITS FRESH LOOK AS A HOLISTIC WELLNESS ESCAPE FOR ALL

All new “Must-try Experiences” and refurbishment gives the family resort a refreshed look and feel

April 2017, Singapore – Club Med Bintan Island, a well-loved family resort, is relaunching this April after having undergone a round of refurbishment from last October. A stone’s throw away from Singapore, the resort’s facilities and services have transformed into the ideal destination for holiday goers seeking a rejuvenating and invigorating wellness getaway.

Club Med Bintan Island, a resort for all

A family paradise just one hour south of Singapore, Club Med Bintan Island is easily accessible to all international visitors. Set in the unique natural settings of Bintan Island, where mangroves and characteristic rocks and cliff lend a preserved and rustic charm, the picturesque resort is surrounded by flourishing tropical greenery and a private beachfront with white sandy shores and clear blue waters.

Nature-Inspired Design combined with Contemporary Elegance

With the abundant natural surroundings of Bintan Island as a backdrop, the new Club Med Bintan Island features a sleek and refined design, merging nature and modernity in a sophisticated aesthetic. Clean lines, harmonious colours, and natural materials such as wood and cloth, create a cosy and pleasant environment, while the clever use of lighting easily toggles the ambience and mood of the resort.
