A Sense of Romance in Bintan

Bintan, Indonesia - February 2016: Set on hillsides enveloped by lush greenery paired with panoramic ocean view into the horizon, [Banyan Tree Bintan](#) is renowned for offering guests time and space to soak in the beauty of nature while engaging all of their senses.

Banyan Tree Bintan is surrounded by water and with it, the enthralling music of the waves. The resort's pool has direct access to the beach and private Beach Club, which offers beautiful views of the shimmering sunset. In the vicinity of the beach, a romantic candle light dining option can be experienced at Treetops with Southeast Asian specialties. Intimate destination dining experiences for two are also available on request: Private candle-lit dinner on the rocks, at the beach, or a special evening dining at the golf course or above the swimming pool. Return to your villa after dinner where a romantic turndown set-up awaits.

Romance comes naturally at Banyan Tree; so begin the year with a blissful treat with your loved one and revel in serenity while creating new moments of togetherness. All 64 Balinese styled villas provide guests with both privacy and space, making it a perfect hideaway to reconnect with your significant other.

During your stay, rejuvenate and relax with a selection of body massages at the award-winning Banyan Tree Spa.
